Michigan's Boat Launching Program

Welcome to boating in Michigan!

Michigan residents and visitors are truly in a Water Wonderland. This state has over 11,000 lakes, 36,000 miles of rivers and streams, and 3,000 miles of Great Lakes shoreline. Michigan is the only state which touches four of the five Great Lakes. These waters provide recreational opportunities for sports and boating enthusiasts, who own and register some 600,000 boats.

In 1939, the state legislature first earmarked funds from increased fishing license fees to purchase water frontage. The Parks and Recreation Division assumed responsibility for the Boating Access Site program in 1968. The program has since been funded by marine fuel taxes and a share of boat registration fees. These taxes and fees are paid exclusively by recreational boaters. Over 1,200 public launching sites have been developed for boaters. Most of these sites are administered and operated by the Parks and Recreation Division of the Department of Natural Resources. Others are owned and operated by local communities and were built under grant-in-aid agreements, with the state's Waterways Fund sharing in the development cost.

The use of State-built or State-funded boat launching facilities is free to the public, with the following exceptions:

- An entry fee is charged at 50 Parks and Recreation Division administered boating access sites that require an attendant for site maintenance and traffic control. Daily and seasonal boating access site permits can be purchased at these sites from site attendants.
- A State Park permit is required for use of boat launching facilities within a State Park or State Recreation Area. State Park annual or daily vehicle permits can be purchased at the State Park entry booth.
- Some communities also charge a modest entry fee to help defray operating expenses.

Using This Directory

This boat launching directory is designed to aid users of trailerable boats, car-top boats, and canoes in locating places to launch their craft. It lists information concerning each launch ramp and related facilities, such as parking, toilets, etc. It should be used with a Michigan official transportation map and/or county maps as a guide.

This directory includes boat launching facilities operated by the Department of Natural Resources. It also includes sites operated by counties, cities and other governmental agencies. Many were built with assistance from the Department of Natural Resources. Not all of Michigan's boat launching facilities are listed in the directory. For example, commercial boat landings operated by businesses on private property and some boat launch sites operated by local units of government are not listed.

Explanation of Column Headings

DNR Site No. - When contacting the Department about any of the facilities listed in this directory, please make reference to both the site name and DNR Site Number. The symbol I in front of a site number designates an accessible facility.

Site Name and Body of Water - Sites are usually named after the lake or body of water they serve. In some cases, they are named in honor of persons contributing to the recreational boating program or physical landmarks, in which case the name of the water is also given. If the ramp is located within a State Forest Campground (SFCG), State Recreation Area (RA), State Game Area (SGA), or Wildlife Area (WA), the name of that unit is also noted.

Location - Indicates the number of miles in a straight line, and direction to the site from the center of the nearest town. In some cases, you will have to ask directions from the local townspeople to find the site, or refer to county maps available from the bookstores. Also, watch for DNR signs indicating the direction and distance to an access site.

State Map Coordinates - Used to locate the general vicinity of the site on a Michigan official transportation map. Refers to index along the edges of the State map.

Ramp Code - This number tells the type of launching ramp the site user can expect to find at the access site. It should be noted that shoaling or obstructions may be present at any location, and boaters should carefully evaluate all water depths before launching. The numbers mean:

1. A hard-surfaced ramp with sufficient water depth and lake size to accommodate most trailerable boats.
2. A hard-surfaced ramp, in areas of limited water depth or lake size, where launching, retrieving, and use of larger boats may be difficult.
3. A gravel-surfaced ramp.
4. A carry-down launching area. Site does not have an improved ramp and is suitable for launching cartop boats and canoes only.

Courtesy Pier - An elevated walk or platform (catwalk) for loading and unloading passengers, etc., at the boat launching ramp.

Parking - This is the number of parking places available at the access site. Some boat ramps in State Parks and State Forest Campgrounds are for the use of campers only and no parking is available for non-camping boaters.

Site Rules - To prevent misuse of boat launching facilities, it has been necessary to make and enforce rules to ensure that facilities are used for their intended purpose. The code for these rules is as follows:

(These Rules Are Subject to Change)

1. Site closed 11:00 p.m. to 4:00 a.m.
2. Fee charged for use of a boating access site administered by Parks and Recreation Division.
3. Camping allowed.
4. Site closed to all swimming, wading and bathing.
5. State Park rules apply. A State Park entrance permit is required.
6. Special rules apply, such as special closing hours, rules against consumption of alcoholic beverages, or others. This designation is also used where the site rules are established by an agency other than the Department of Natural Resources.

Water Acres - This is the size of the lake in acres of surface area of the inland lake or impoundment. None listed means not applicable and indicates sites on the Great Lakes, rivers or streams. A lake that is round and 1/2 mile across is approximately 125 acres in size.

Local Watercraft Controls - In addition to the general boating regulations of Michigan, it has been necessary to make rules to control certain boating activities on some bodies of water. The letter code means:

- A. Motor boats prohibited.
- B. Unlawful for the operator of a vessel to exceed a slow, no-wake speed.
- C. High-speed boating and water skiing prohibited.
- D. High-speed boating and water skiing permitted 11:00 a.m. to 7:30 p.m. only, Eastern Daylight Savings Time.
- E. Water skiing permitted 11:00 a.m. to 7:30 p.m. only, Eastern Daylight Savings Time.
- F. Local watercraft controls other than those listed above, apply only to a part of the body of water.

For current and more complete information on Local Watercraft Controls, contact Law Enforcement Division, Department of Natural Resources, P.O. Box 30028, Lansing, MI 48909, or the County Sheriff of the County in which the lake is located.

Administrator - This column indicates the unit who has responsibility for maintaining and operating the boat launching site. Inquiries should be directed to the appropriate administering unit listed below.

PR - Parks and Recreation Division
Department of Natural Resources
P.O. Box 30257
Lansing, MI 48909
(517) 373-9900

FD - Forest Management Division
Department of Natural Resources
P.O. Box 30028
Lansing, MI 48909
(517) 373-1275

WD - Wildlife Division
Department of Natural Resources
P.O. Box 30028
Lansing, MI 48909
(517) 373-1263

Operated by the respective unit of government:

FS - U.S. Forest Service

CITY - City

CO - County

TWP - Township

VI - Village

HC - Huron Clinton Metro. Auth.

NG - National Guard

UT - Utility

Town, Range, Section - This provides a useful method for locating a boat launching facility on a county map. County maps are available at District Headquarters of the Michigan Department of Natural Resources, at the Michigan United Conservation Clubs (517) 371-1041, and at some bookstores. Most of the listed boating facilities are indicated by a symbol on DNR county maps.

Lake maps for many of Michigan's inland lakes can be purchased from Michigan United Conservation Clubs, Bureau of Maps, P.O. Box 30235, Lansing, MI 48909, at (517) 371-1041. They also sell U.S. Navigation Charts for the Great Lakes and adjacent waterways and county maps.

Reminder

Recreational boat owners are advised that certain Indian Tribes, by virtue of Treaty rights, have the right to commercially fish in Michigan waters. This right is recognized and enforced by the State of Michigan and must be recognized, and not disturbed, by all persons. Boaters in Michigan waters are reminded of these rights of treaty fishers and are urged to recognize and support them.

Accessibility Policy and Procedures

The following Policy and Procedures have been developed by the Department of Natural Resources, Parks and Recreation Division, to provide accessible boat launching facilities:

The I symbol on the left of a site number designates an accessible facility.

Policy:

It is the policy of the Parks and Recreation Division to provide accessible boat launching facilities within each county throughout the State of Michigan whenever possible. Access to a representative sample of water bodies, suitable for a variety of boating experiences, will be provided to offer boaters with disabilities a reasonable level of equivalent experience.

Definition:

“Accessible” boating facilities are defined as those facilities with designated parking, accessible routes to major uses of the facility, accessible restrooms and accessible courtesy docks.

Procedures:

All facilities to be designated “Accessible” shall be designed, constructed, and maintained to comply with current Federal or State construction standards. If you have any questions or need further information regarding these sites, please call (517) 373-9900.

This program receives Federal financial assistance in Sport Fish and/or Wildlife Restoration. Under Title VI of the 1964 Civil Rights Act, Section 504 of the Rehabilitation Act of 1973, the Age Discrimination Act of 1975, Title IX of the Education Amendments of 1972, the U.S. Department of the Interior prohibits discrimination on the basis of race, color, national origin, age, sex, or handicap. If you believe that you have been discriminated against in any program, activity, or facility as described above, or if you desire further information, please write to: The Office for Human Resources, U.S. Fish and Wildlife Service, Department of the Interior, Washington, D.C. 20240.

Equal Rights For Natural Resource Users

The Michigan Department of Natural Resources (MDNR), provides equal opportunities for employment and for access to Michigan natural resources. State and Federal laws prohibit discrimination on the basis of race, color, national origin, religion, disability, age, marital status, height and weight. If you believe that you have been discriminated against in any program, activity or facility, please write the MDNR Equal Opportunity Office, P. O. Box 30028, Lansing, MI 48909 or the MI Department of Civil Rights, 1200 6th Avenue, Detroit, MI 48226, or the Office of Human Resources, U.S. Fish and Wildlife Service, Washington, D. C. 20240.

For information or assistance on this publication, contact:

MDNR, Parks and Recreation Division,

P.O. Box 30257,

Lansing, MI 48909

or call (517) 373-9900. T.D.D. (517) 335-4623.

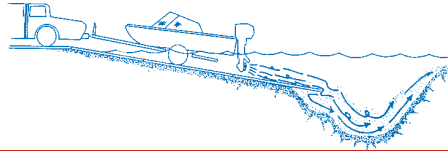

Anti-drunk boating law is in effect!

Michigan watercraft operators can be convicted of operating while impaired or under the influence of alcohol.

- I Under the new law, the Secretary of State's office must keep a record of boating convictions.
- I Boaters must submit to chemical tests by law enforcement officers upon request.
- I Conviction of drunk boating charges brings stiff penalties:
 - Suspension of boating privileges from 6 months to indefinite;
 - Fines up to \$5,000;
 - Jail sentences up to 5 years; and/or
 - Community service up to 90 days.

No Power Loading

Boaters should winch their craft onto boat trailers instead of powering their boat onto the trailer. Boat ramps throughout the state are being badly damaged by boaters who power their boats onto the boat trailer. The strong currents created by the boat's propeller causes severe erosion and wash out at the end of the ramp. This condition, in turn, can also cause damage to boat trailers. The Department of Natural Resources is attempting to repair as many of the damaged ramps as possible, but the best solution to the problem lies with the boater who refrains from this practice.

Zebra Mussels in Michigan

Zebra mussels are a freshwater mollusk which have recently invaded the Great Lakes system. Zebra mussels attach like barnacles to any submerged surface and may form encrustations several inches thick.

Mussel larvae and adults can infest engines, cooling systems and attach to boat hulls if left in water. They can also cause navigational buoys to sink.

To prevent the spread of zebra mussels to inland waters:

REMOVE all aquatic plants and zebra mussels from your boat, trailer and accessory equipment before leaving the boating access site.

DRAIN live wells and bilges completely before leaving the boating access site. **NEVER** transfer water from one body of water to another.

EMPTY your bait bucket before leaving the boating access site, **BUT NOT** into the lake or stream.

DRY your boat, trailer and equipment for several days before transferring your boat to a new lake or river.

t If you must transfer your boat to a new body of water in the same day:

WASH your boat and trailer thoroughly with very hot water. A car wash is a convenient way to accomplish this. Flush live wells, bilges and your motor's cooling system with hot water.

Eurasian Water Milfoil in Michigan

Milfoil is a plant with long, flexible stems with feather-like leaves attached in whorls of four that was introduced into Michigan in the 1960s and has rapidly spread since. Milfoil grows and spreads so fast, it quickly chokes out native plants and harms fish habitat. It grows in thick mats, interfering with boating, fishing and swimming.

In an effort to help control the spread of Eurasian Water Milfoil:

REMOVE all fragments of aquatic plants from your boat, motor and trailer prior to launching and after removing your boat from the water.

It only takes a single leaf cluster, carelessly left on a boat trailer or propeller, to spread Milfoil. Please help keep your lakes free from this plant.
